It will be recollected that some time since, number of fine horses were stolen from persons in this city and vicinity, and also some robberies committed; and those who had lost the property had pretty much despaired of ever being able to get any cine to the thieves or the whereabouts of the property. Probably no better occasion for purchasing in so large quantities and on so favorble terms will be offered this season.

The attention of those interested in consignment and sale of produce are referred to the advertisement of Messrs. GREENVILLE & Co., of Chattanooga. This old and well established firm M'Lane's Vermifuge, also his Celebrated Liver Pills, has been long and favorably known to the planters of Middle Tennessee, and it requires no commendation from us to secure for it a continuance of

FARRELL'S ARABIAN LINIM ENT .- This cole brated medicine, skillfully composed as it is of the most heal ing balsams and penetiating oils, can never fall to cure aimost every affliction that could be alleviated by an external remedy. Its superfority over all other Liniments is proven by the miraculous cures it performs, and by the great and constantly increasing demand. There has been sold within the there can be but few persons found who do not bestow upon in the highest praise for the rare virtues it possesses. Nothing perhaps, since the creation of the world, has been so success ful as an external remedy for all nervous diseases, as this wonderful curative. When applied, it instantaneously diffuses itself through the whole system, soothing the irritated nerves, allaying the most intense palus, and creating a most delightful sensation. Read the following remarkable cure

CHRONIC ENLARGEMENT OF THE TONSILS, My daughter, when six months old, was taken with a swell ing in the tonsils, which grew larger and larger, till when eix years old she had great difficulty in swallowing her food,-Every night watch was kept fearing she would suffocate. The best doctors strended to her but could give no relief. I took her to the most eminent doctors in the East; they said there was no help for her but to outgrow it. With a sad heart I that the doctors had to be called in again; they decided that the tensils must be out off as the only means of giving relier. My wife would not consent to this and she determined to try your Liniment, which gave relief the very first application and by continued use she entirely recovered. She is no ten years old and floshy and healthy as could be desired.-Your Liniment is also the best in use for sprains, bruises, cuts, burns, headache, etc., and it will remove the most severe pain in a few minutes. It also cured a caked udder in my cow in a few days. Peoria, March 20th, 1849. GEORGE FORD.

Look out for Counterfeits!

The publicare cautioned against another counterfelt which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counte feits, because his having the name of Farrell, many will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H. G. FREAKS OF FORTUNE. BY J. B. JONES. AUTHOR OF "WILD WESTERN SCENER," ETC., ETC. READ WHAT THE EDITORS OF NEWSPAPERS SAY QF IT.

"We prenounce this work equal to any of the productions of Thackeray, and are quite free to give it a preference over anything we have yet seen from the prolific anthor of the 'The Newcombs.' It is a high compliment to
place the 'Freaks of Fortune' on a par with much that his
transatiantic rival has produced. Certain it is, that Mr.
Jones in his new work gives evidence of a free pen, a rich
imagination, and a style easy, emphatic, and at times imbased with true eloquence, the emanation of a spirit overflowing with impressive thought and elevated sentiment,
liberally enriched with flashes of humor and genuine wit,
An advantage which Mr. Jones has, is in the true American An advantage which Mr. Jones has, is in the true American character of his writings, which present life as it is seen in our midst. In this respect his works have a charm that must make them irresistible, as good sense prevails over all, and supply us with sketches of character, irresistible in their truthfalness to the beings whom we meet in our every day walk. As the writer has already become famous in the world of literature, his new work will find numerous readers who may be congratulated on the treat in store for them."—Philadelphia Saturday Onurier, Sept. 2th, 1854.

Of this volume the N. Y. Express speaks as follows:
"So far as the literary merits of the work are concerned,
better guarantee than the name of the gifted authoress could be required, - yet, we venture to say that nothing she has hitherto written, contributes or will contribute, more substantially to her fame than the production to which we refer. The subject chosen is one which has never yet had full justice done it, in \$\sigma\_1\$ American novel. The plot is full of interest, portraying and bringing in thrilling contrast the two extremes of city life."
